

# ADDRESS IT TODAY. PREVENT IT TOMORROW.

We can reduce the generational impact of adverse childhood experiences (ACEs), overdose, and suicide.

## URGENT IN EVERY COMMUNITY

ACEs, overdose, and suicide are critical and growing public health challenges.

## RELATED TO EACH OTHER

ACEs, overdose, and suicide have generational impact since preventing or addressing any one of these issues...

... decreases the risk of the others both now and for the next generation.

## PREVENTABLE IF WE ACT NOW

Aligning policies and programs—and building on community strengths—can prevent ACEs, overdose, and suicide.

**Engage People** as change agents in their communities

**Increase Understanding** of the shared root causes

**Ensure Equity** in policies, programs, and services

**Invest in Research** to better understand what works

## PREVENTION BENEFITS US ALL

Preventing ACEs, overdose, and suicide has wide-ranging benefits.

Increased Economic Productivity

Lower Healthcare Costs

More Effective Programs and Services

Longer Life Span

# The Road to Trauma-Informed Care (TIC)

*Trauma-Informed Care calls for a change in organizational culture, where an emphasis is placed on understanding, respecting and appropriately responding to the effects trauma at all levels.*

(Bloom, 2010)

(Fallot & Harris, 2001)
